**ETC Annual Reporting Requirements 47 CFR §54.313(a)(2) through (a)(6)**

**Section 2: State-Designated ETC Reporting**

In its *Clarification Order*, the FCC required state-designated ETCs that are subject to a state requirement to report to the state some or all of certain information annually, to file a copy of any relevant information with the FCC in 2012.<sup>2</sup> Specifically, state-designated ETCs must file information concerning outages, unfulfilled requests, and complaints as required in Section 54.313(a)(2)-(4) of the FCC's rules if the state requires ETCs to report some or all of this data.

**ComSouth Telecommunications, Inc.** is located in **Georgia**. This state commission's rules **do not require** state-designated ETCs to file an annual report containing some or all of the following information: information concerning outages, unfulfilled requests and/or complaints.

Accordingly, the Company is not subject to this reporting requirement.

**Certification of Officer as to the Statements Made Above and Accuracy of Any Data Provided Concerning Outages, Unfulfilled Requests, and/or Complaints**
